Via Francigena, Canterbury

St Cuthman's Church

“It was an extraordinary three days. I found it profound and powerful. To have companionship and support in the gentle and strong practice of walking with intent meant I was able to explore, learn about, feel and leave behind parts of my grief.”

“Time to reflect, to find meaning in the land, forming connections with others who share my loss. I feel I know how to draw upon pilgrimage to help me in the future.”
